4,500 paid roles for Summer 2017...Take on The Challenge!

The Challenge is the UK's largest provider of NCS (National Citizen Service) - a government-backed initiative which aims to prepare 15-17 year olds for adulthood through four weeks of adventure, skill building and youth social action.

We're dedicated to ensuring that the NCS programme is accessible to everyone. For this reason, we're looking for experienced seasonal staff to support young people with additional or behavioural needs.

Could you be a support worker or a personal coach? Could you use your own personal experience of coping to help others, while earning an excellent salary and putting value onto your CV at the same time? Interested? Check out the website:
